Thanks, Eric. Weekly notes kept getting bumped on my list, and then I forgot about. I really appreciate you going in and doing it.

Pat

I added these to weekly notes just now.

**Comments on Woodland Pulp Major NSR Permit**

On Dec 17, Eric Wortman submitted comments to Maine DEP on the draft major new source review permit for Woodland Pulp in Baileyville, ME. The draft permit concerns upgrades to the #3 Recovery Boiler and the Smelt Dissolving Tank. As required by the Maine state implementation plan (SIP) in Chapters 100, 113, and 115, the draft permit includes the requirements for prevention of significant deterioration, as well as the permit requirements of nonattainment new source review.

**EPA Meets with South Fork Wind, LLC**

On Dec 16, Eric Wortman and Pat Bird met with South Fork Wind, LLC to discuss the comments received on the draft permit for the South Fork Windfarm. During the meeting, South Fork Wind, LLC provided clarifying information on the operating scenarios for the generator engines that will be used at the windfarm. Region 1 anticipates issuing a final permit decision in January 2022.
